2006 Isaac Shiraz

The 2006 season was very warm and dry and the shiraz grapes were picked on 5th April 2006. This is the first vintage of shiraz from our estate plantings and to highlight the significance of this event, we have used the name of our first grandson, Isaac. The wine is surprisingly full flavoured from only four year old vines and this first vintage is in very small quantity. It is a lovely, satisfying wine with mellow fruit flavours and a spicy palate.
